A high-angle, slightly blurred photograph of an office environment. Several people are seated at white desks, working on laptops. The desks are equipped with various office supplies like water bottles, pens, and headphones. The lighting is bright, suggesting a modern, open-plan office space.

Introduction

Welcome to NextGen, your partner in streamlining financial operations and boosting efficiency. Our all-in-one accounts receivable and payable platform is designed to help businesses like yours thrive.

About us

At NextGen, we're passionate about revolutionizing financial operations for businesses of all sizes. Our innovative platform streamlines accounts receivable and payable processes, providing real-time visibility, automation, and scalability.

Company Overview

NextGen is a cutting-edge financial technology company that provides an innovative platform for streamlining accounts receivable and payable processes. Our mission is to empower businesses to thrive by simplifying financial management, reducing manual errors, and enhancing cash flow.

Problems Statement

Are you tired of manual payment processing, lack of visibility, and inefficient financial management? These challenges can lead to delayed payments, lost revenue, and decreased productivity. Discover a smarter way to manage your finances with NextGen.

Our Services

Accounts Receivable (AR) Solutions

Simplify invoicing, track payments, and improve cash flow.

Accounts Payable (AP) Solutions:

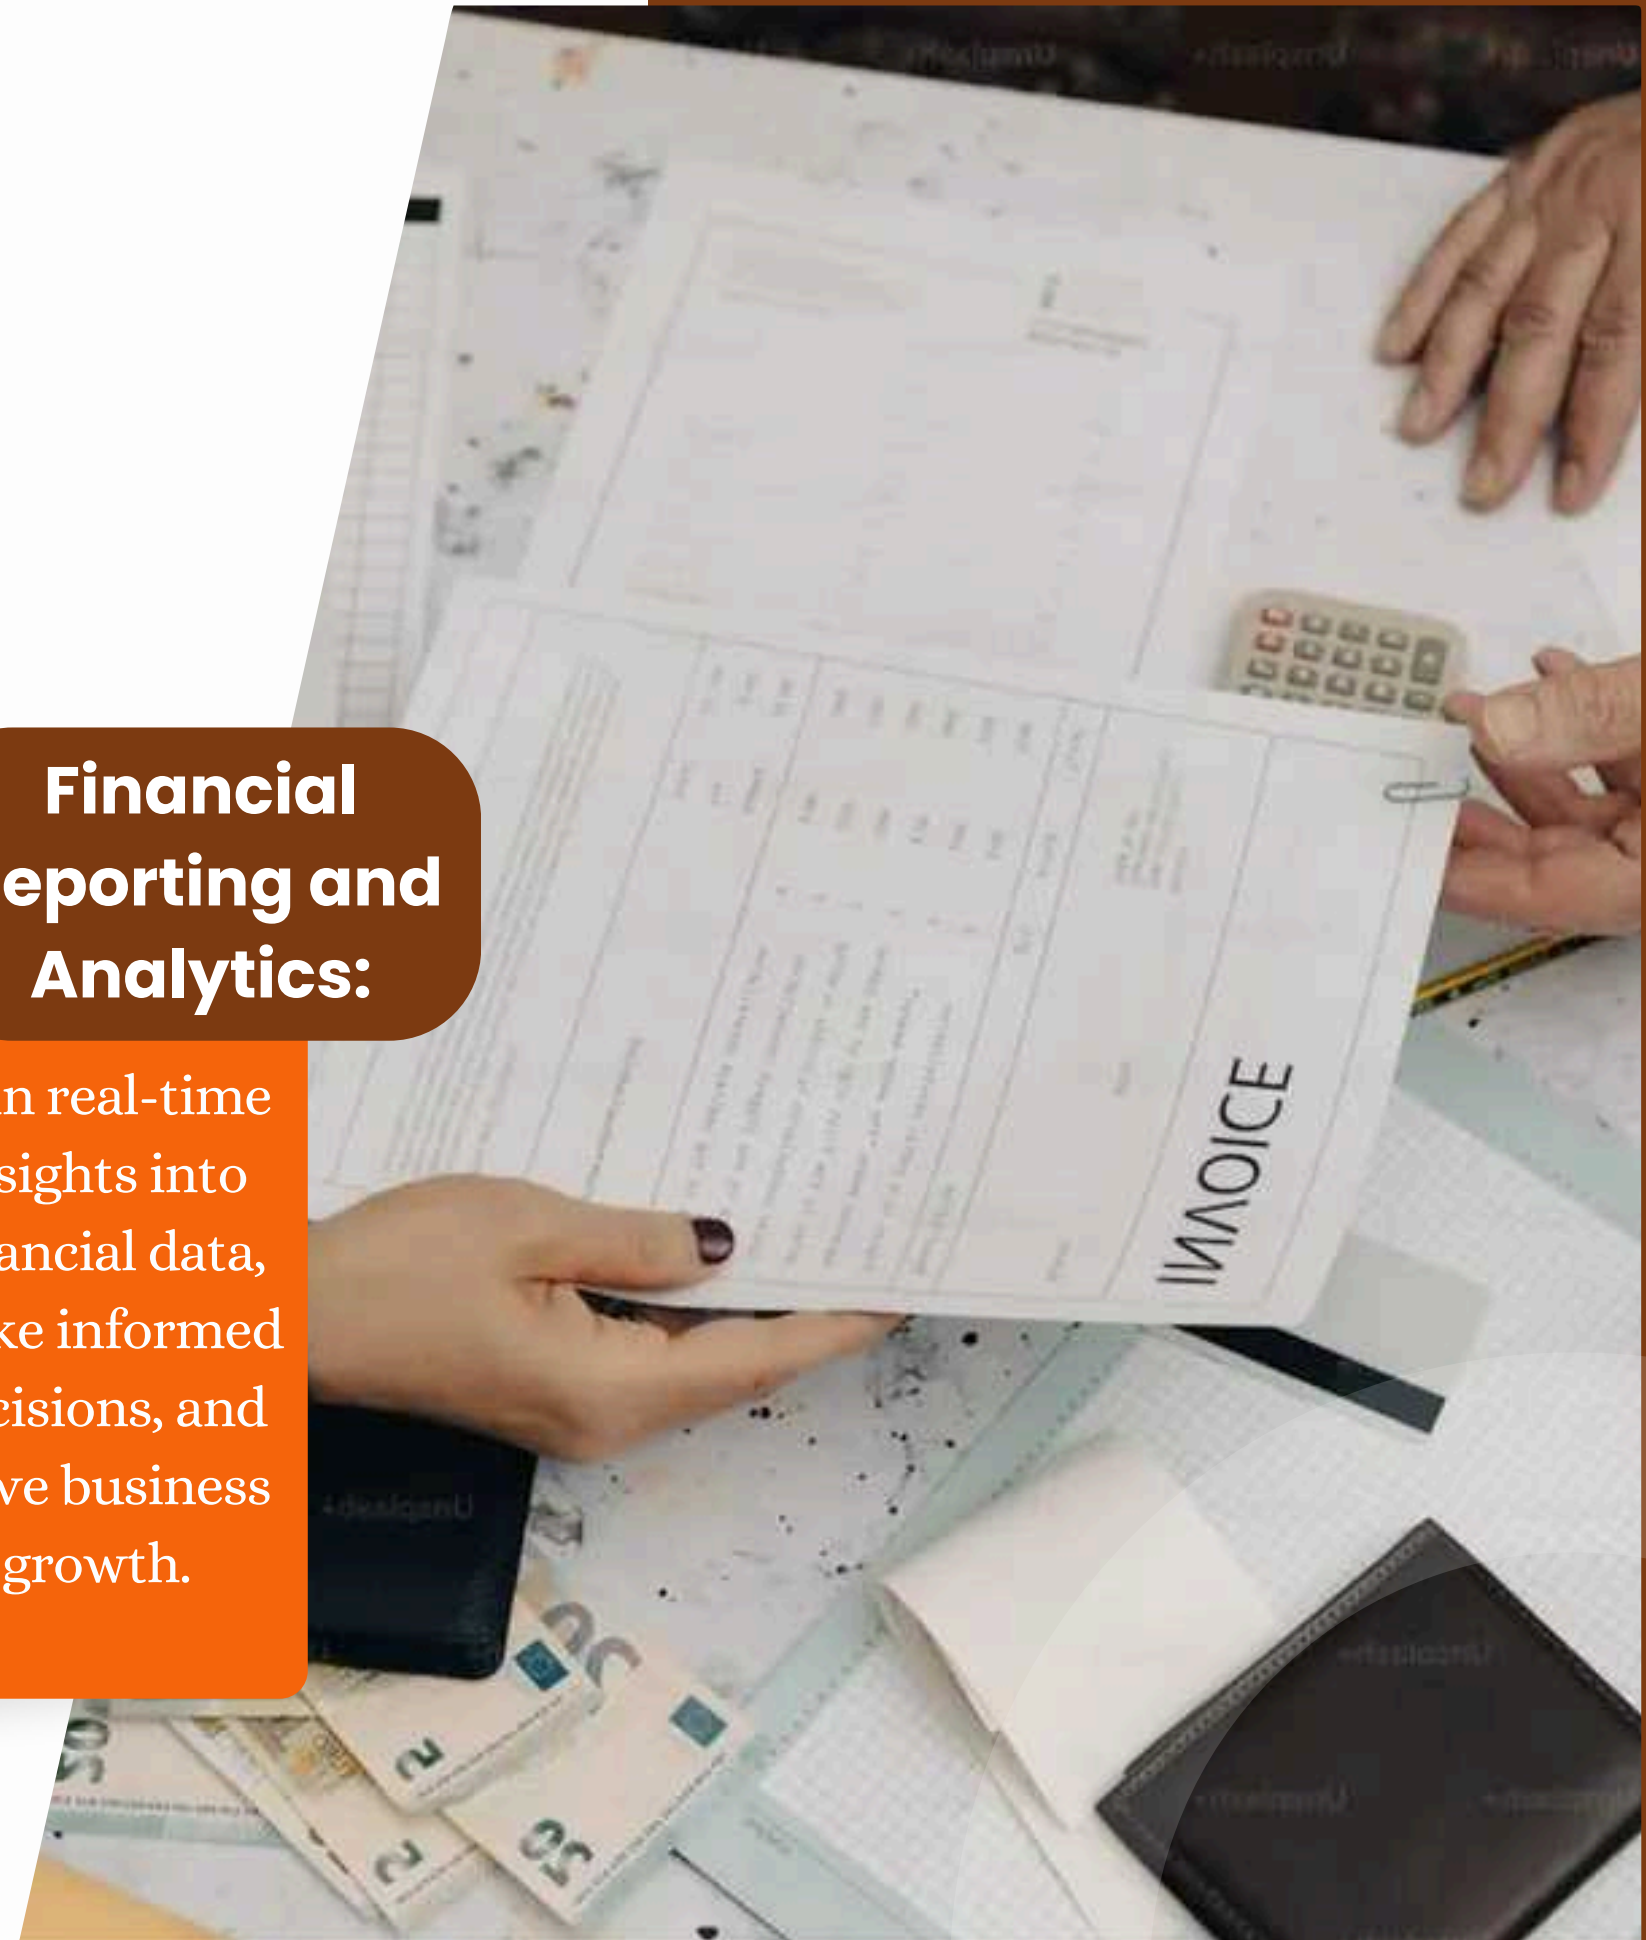

Automate payment processing, reduce manual errors, and enhance vendor relationships.

AR and AP Automation:

Streamline financial operations, reduce costs, and improve productivity.

Financial Reporting and Analytics:

Gain real-time insights into financial data, make informed decisions, and drive business growth.

NEXTGEN SOLUTIONS

Our platform offers a comprehensive solution to these problems, providing:

01

Automated payment processing and invoicing

02

Real-time visibility and tracking

03

Scalable solution for businesses of all sizes

04

Seamless integration with accounting systems

05

errors and minimize
risk

Ideal Users

NextGen is designed for:

- **CFOs (Chief Financial Officers):** Enhance financial visibility, optimize cash flow, and make strategic decisions.
- **Accountants and Bookkeepers:** Streamline financial operations, automate tasks, and gain real-time visibility.
- **Financial Directors and Controllers:** Enhance financial control, reduce risk, and make informed decisions.
- **Business Owners and Entrepreneurs:** Simplify financial management, improve cash flow, and focus on growing your business.
- **AP and AR Teams:** Automate manual tasks, reduce errors, and improve productivity.
- **Procurement and Purchasing Teams:** Streamline payment processes, improve vendor relationships, and gain visibility.

How It Works

Send invoices and receive payments electronically.

Automate payment processing and workflows.

Track payments and invoices in real-time. Sync data with your accounting system for seamless reconciliation.

Here's a step-by-step guide to creating an invoice on the (getnextgen.io) app:

Step 1: Log in to Your Account

- Log in to your account using your email and password.
- Click on Receivables
- Click on Product / Service
- Click on Sales

Step 2: Click on Create New Invoice

Enter Invoice Details:

- Invoice Number: Automatically generated or manually entered.
- Invoice Date: Select the date of the invoice.
- Billing Information: Enter your company's billing information, including name, address, and contact details.
- Client Information: Enter the client's name, address, and contact details.

Here's a step-by-step guide to creating an invoice on the (getnextgen.io) app:

How To Create An Account In Nextgen App

Input Details:

- Business Name
- Business Email
- Type of Business
- Phone Number
- Password

The image shows the 'Create your AR/AP account' form in the NextGen app. The form is displayed on a tablet screen, which is part of a desk setup including a calculator and a small potted plant. The form itself has a white background and contains the following fields: 'Business Name', 'Business Email', 'Type of business', 'Phone Number' (with a dropdown menu showing the Nigerian flag), 'Password', and 'Confirm Password'. A 'Create Account' button is located below the password fields. At the bottom of the form, there is a link for users who already have an account and a disclaimer stating that clicking 'Create Account' agrees to the NextGen Terms and Privacy Policy.
